

GENIEL

Based on the description of the talisman for the first Mansion

*A black man in a garment made of hair; girdled round and casting
a lance with his right hand*

01 Al Sharatain

“the two Signs”.

The Fire of Aries and Mars with a small amount of Solar energy. Being the first of the 28 mansions, it is obvious that this marks the time to start a journey. But different journeys have different motives.

When we want to start anything – whatever it may be – our enthusiasm is an expression of the Fire within. And this Fire has to find a way to get out or else it burns us up. Eager to start and literally fired up, this also explains the assigned quality of discord. Impatience is the determining factor here. Either impatience with another's behavior, character or whichever reason. Limits and boundaries (in whichever form) are the target of our Fire.

Vibrate:

AMEN

Thank Geniel, Michael, Kamael and Malchidael.

On the following 6 days, at around the same time,
light the incense and vibrate:

**MALCHIDAEL
KAMAEL
MICHAEL
GENIEL**

In your own words describe your intention in one sentence

GAY NA HAL

AMEN

Snuff the incense and return the next day.

On the 7th day let the incense burn up completely, and when it has,
thank the Angels and say:

*Let it be done
For so mote it be
And let there be peace
Between me and thee*

1b.

A ritual to bring discord

Planet: Mars and Sol

Incense: Dragon's blood

Oil: Pepper

Take your paper and on it write the following:

The friendship of (Name 1) and (Name 2) is as strong, and will last as long as this piece of paper.

Now tap three times on the first name with your right index finger, and say the name with each tap.

On the third tap, hold your finger on the paper, close your eyes and know that you are now touching the person.

For a few moments, transfer your feelings via this touch.

Do the same with the second name.

Fold your paper up so that you get a thick strip. Anoint this with your oil.

Then fold it once more in half so that you get a V shape.

As you are doing this:

The friendship of (Name 1) and (Name 2) is as strong, and will last as long as this piece of paper.

Light the incense.

**In the Name of the Most High,
and by the power of
MALCHIDAEAL, KAMAEAL and MICHAEL**

**I call you
GENIEL**

**Angel of the first Mansion
GENIEL**

**Who rules over arguments and discord
GENIEL**

I call you

Look at (or visualize) the Moon above your candle. Know that
this Moon represents your wish.
Keep thinking about your intention as you slowly take the piece
of paper. Now balance it on your dagger.

Repeat your spell:

*The friendship of (Name 1) and (Name 2) is as strong, and will
last as long as this piece of paper.*

Use the dagger to hold the paper in the flame of your candle. Be
sure to light both ends, so that the paper will remain on your
dagger and burn up completely.

Know that the destructive power of fire consumes the bond
between your targets and replaces it. As you watch the paper burn
up, keep vibrating:

GE YANAH AL

When the fire is burned out completely, vibrate:

AMEN

Thank Geniel, Michael, Kamael and Malchidael.
